

DECORATION DAY PARADE COLORFUL AND IMPRESSIVE

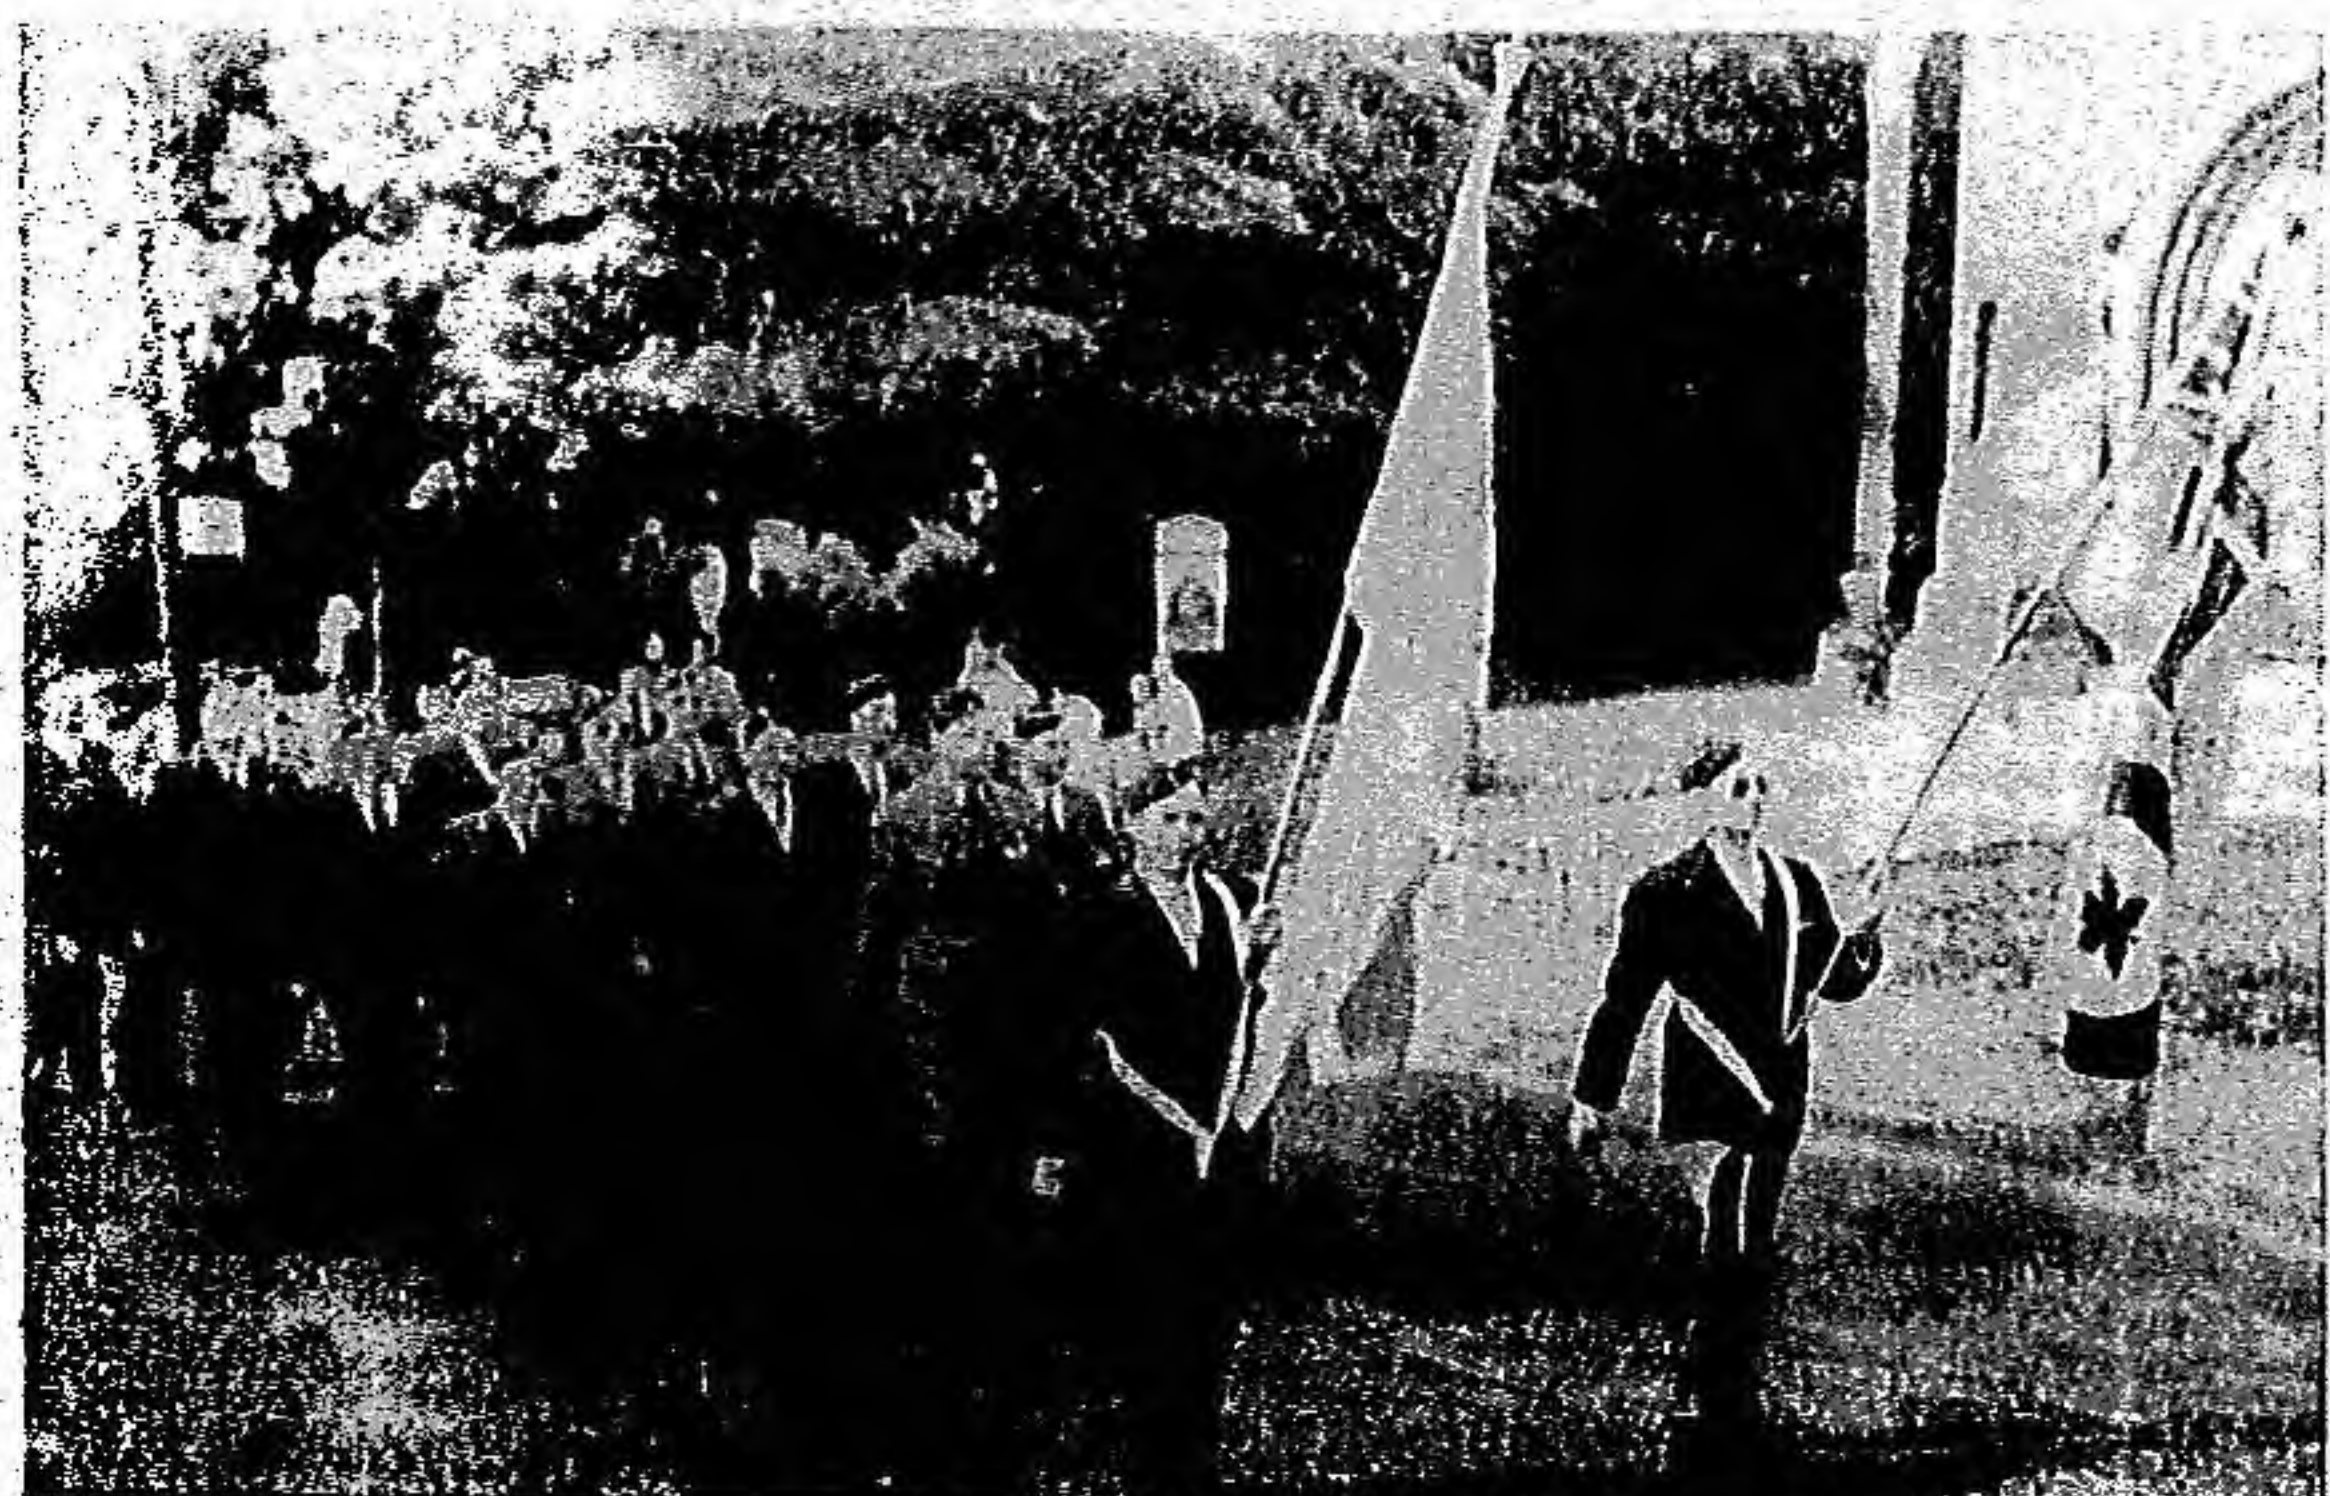

The Decoration Day parade last Sunday was colorful and impressive. Veterans' organizations, the Salvation Army and the R.C.A.F. took part in the parade and in the service at the veterans' memorial at Newmarket cemetery. Among the veterans' groups were the Newmarket Veterans' Association, which holds Decoration Day annually, the Newmarket wing of the R.C.A.F. Association, the Newmarket branch of the Canadian Legion, South African War veterans, Hong Kong veterans and others of the Canadian Corps Association. Above, Canadian Corps members lay wreaths at the veterans' memorial.

At the memorial plot, Rev. M. J. Aiken, Decoration Day chairman, took the service. Speakers were Mayor Joseph Vale, Brig. Neil Warrender, Salvation Army, Group Captain J. D. Syme, M.B.E., Commanding Officer of Camp Borden, Mr. Ed. Parsons, President of the Dominion Command, Canadian Corps and H. M. Gladman, chairman of the cemetery board.

Parade Marshall Jack MacDonald leads a Canadian Corps color party, heading the Decoration Day parade Sunday.

Members of the Newmarket Wing of the R.C.A.F. Association parade back from the cemetery. The salute was taken at the Post Office steps by Group Captain Syme. (More Decoration Day pictures will be published next week). Era and Express photos

Wm. Weldon, Sutton Farmer Wins First Of Lucky Photo Quiz Prizes

William Weldon of Sutton R. R. 3 was the first winner of the Era and Express "Lucky Farmer Photo Quiz" which began in last week's paper and will continue for 25 more weeks.

Mr. Weldon was in the Era and Express office on Monday morning to collect gift certificates of \$1 provided by each of the 31 merchants who are supporting the special feature.

"I didn't see the photo until after lunch on Friday," said Mr. Weldon who regularly purchases the Era and Express at Breul's in Sutton. "But several of my friends and neighbors who get the paper in the Friday morning mail called me to tell me it was my farm in the photograph."

"I had four telephone calls before noon from neighbors who got their paper through the rural mail Friday morning and recognized my farm," said Mr. Weldon.

The farm was the old "Ben Prosser" farm which was purchased by Mr. Buckley. Mr. Weldon bought it from him in 1945. He does dairy farming on its 100 acres. The farm lies at the outskirts of Sutton. For 19 years before returning to the farm, Mr. Weldon worked in Leaside. A son, David, is with the Ontario hydro.

Mr. Weldon will receive a framed enlargement of the photo of his farm in addition to the 31 gift certificates, each worth \$1, contributed by the merchants who support the feature.

This week's photo appears on page 13.

WINS FARM PHOTO

William Weldon, Sutton R. R. 3, was the winner of the Era and Express farm photo contest last week. The air photo of the farm appearing in last week's paper clearly showed the farmhouse and farm buildings of the Weldon farm near Sutton, on the highway between Sutton and Keswick. Another farm in the Era and Express trading district appears this week on page 13.

11 Ducklings Washed Over Dam 10 Returned To Fairy Lake Home

The efforts of three men saved a family of mallard ducklings from probable death at the Water St. dam on Monday afternoon. Eleven ducklings were swept over the dam at Fairy Lake but they survived the fall to the apron where they were stranded.

A thoughtless boy threw a stone which killed one of the ducklings but Ed Hogan, Jimmy Sanderson and the Humane Society Inspector, Jack Jameson, eventually cornered the remaining ducklings and took them to the bank of the pond behind the waterworks where the mother took over and herded them to their nest in the reeds upstream. The three men were drenched by the time the ducklings were rescued. During their efforts, which took most of the day, off and on, the mother duck peered anxiously over the dam from time to time to see how the rescue was going on.

REPLACE SIDEWALKS
Defective sidewalks put down in Newmarket last year, are being replaced by the Warren Paving Company at no cost to the town, Town Engineer Donnie Bosworth told council on Monday night. The replacing of defective walks is provided for in the company's guarantee, he said.

Life Memberships Presented At York Pioneer-W.I. Picnic

Mrs. Ethel Willson Trehwella was made a life member of the York Pioneer and Historical Society at Sharon on Saturday, in recognition of her work in writing a history of Sharon.

The Story of Sharon appeared in a series of articles over a period of months in the Era and Express during the past year.

The honorary life membership was presented at an annual combined picnic held by the Historical Society and York County Women's Institutes at Sharon Temple Saturday afternoon.

J. E. Kavanagh, New York, vice-president of the Metropolitan Life Insurance Company, and an "old boy" of Sharon, made the presentation. Mr. Kavanagh was born at Sharon and attended school there. He taught school in Ontario and later was an insurance agent for the Metropolitan company.

Mr. Kavanagh and W. E. Hanna, president of the Pioneers, also received honorary life memberships.

Entertainment was under the Buttonville Institute. A number of W.I. members, dressed in gay nineties costumes, sang the old songs.

Prizes were given to Walter Wrigler, 85, Keswick, who was the oldest York County resident at the picnic. Oldest member of the Pioneer and Historical Society present was Miss S. J. Traviss, 91, of Queensville. Oldest W.I. member was Mrs. John Smith, 82, of Armitage.

WINS IN PUP CLASS
Lady Valence of Walkley, a Yorkshire terrier, bred and owned by Mr. and Mrs. Harry Draper of Holland Lading, wound up her career in the puppy class by taking the best of breed, best Canadian bred puppy in show, all breeds, and standing third in the toy dog class at the international show sponsored by the Progressive Kennel Club of Toronto at Markham on Saturday.

NEED FURNITURE
An appeal is being made by the Girl Guides' local association for used furniture for the Scout-Guide camp at Pine Orchard. Contributions consisting of an old kitchen cupboard, an ice box, tables, chairs and chests of drawers would be appreciated. Anyone wishing to give old furniture is asked to call Mrs. Charles Wass, 362w, or Mrs. Earlby Thompson, 1130r. A pick-up will be made.

NIAGARA PILGRIMAGE
Any Veteran wishing to attend the annual Canadian Corps pilgrimage at Niagara on Saturday, June 28, is asked to notify President Alf. Elphinstone as soon as possible. A special bus will be secured if a sufficient number plan to take in this colorful event.

All veterans, their wives or lady friends are welcomed to attend.

Salary Increases For Police Dept. Approved With Harmony Lacking

Salary increases for the police department were approved by a town council vote on Monday night. The increases, as recommended by two of the three members of the police committee were voted down but a second resolution post-dating increases for two policemen and cutting the chief's increase by \$100, was approved.

The chairman of the police committee, Lorne Paynter, was opposed to any increases. The other two members of the committee, Mrs. MacNaughton and Charles Boyd, recommended that the chief of police be given an increase of \$400 and the other members of the force, increases of \$150.

The resolution submitted by the two committee members called for increases retroactive to April 1. The mayor said he was opposed to two junior members of the force receiving increases because they had already received increases earlier in the year. They have been promoted to first class constables; the two committee members said that they were doing the same work as the others and should receive the same pay.

The mayor said that Deputy Reeve J. L. Spillette, absent, said he favored only a \$300 increase for the chief of police. Councillor MacNaughton said that he should be paid more than the other department members because of his position and responsibility.

The Boyd-MacNaughton resolution and a separate resolution cutting the chief's increase by \$100 and post-dating the two

tee to appoint interested or available people to sit on the recreation commission. The mayor also appointed Councillors Renzius, Boyd and Paynter, all members of the commission, to the same committee.

At the same meeting, council approved an annual grant of \$500 to the commission.

Receiving membership at York Pioneers' picnic

Chief Burhize told us the police had no intention of going to a board of arbitration," she said, adding that they deserve the increases.

Councillor Lorne Paynter said that he was still opposed to the increases although he had "always been a supporter of the working man." "The town is made up of working people. This is the first time I have ever been opposed to increases for working men," he said. "Police officers on the other hand, are supplied with clothing and I don't think they should be paid any higher. I was given to believe that if the two constables got their increases at the first of the year, everybody would be satisfied."

RECEIVES MEMBERSHIP AT YORK PIONEERS' PICNIC

An honorary life membership was presented to Mrs. Ethel Willson Trehwella by J. E. Kavanagh, New York, below, at Sharon Temple on Saturday during the annual Historical Society and Women's Institute picnic. Mr. Kavanagh, a Sharon "old boy" flew from New York for the occasion. Above, left to right, are Miss Anna P. Lewis, director of the W.I. branch of the department of Agriculture, W. E. Hanna, president of the York Pioneer and Historical Society, Mrs. Trehwella and Mr. Kavanagh.

OPTIMISTS' LAKE TROUT DERBY OPEN TO ALL ANGLERS

The Newmarket Optimist club is sponsoring a Lake Trout fishing derby at Lake Simcoe June 22. The derby is an open competition for anyone to display his angling talents and skill in capturing the wily trout.

Following the Derby there will be a social evening at Pinemere Lodge, Glenwood Beach, when the best hard luck story will be judged along with the most original fishing costume of the day. Prizes will be presented.

Rules and regulations are obtainable at Morrison's Sporting Goods store. Optimist Derby chairman J. O. Dales urges that entries be made as soon as possible to avoid disappointment in arranging crews and boats.

STRAWBERRY PARTY AT LEGION HALL
A strawberry festival will be held on the grounds of the Newmarket Legion hall under the auspices of the Ladies' auxiliary, Canadian Legion, on Wednesday, June 25, from 6 to 10 p.m. There will be a candy sale, home baking table and for the children there will be "Brain Tubs". The festival and program will be carried on indoors in the event of rain. In the evening there will be bingo, euchre and cribbage. General convener is Mrs. Charles Gordon.

Pages from the Editor's Notebook

We are slipping out of the office early today and taking the train for Wigan where the Ontario-Quebec division of The Canadian Weekly Newspapers Association is holding its annual convention. Wigan Lodge is in the Muskoka, not far from Bracebridge. We've never been there and are quite looking forward to the visit.

We welcome the break for several reasons. It is always good to get together with fellow editors for a few hours of shop talk. There is a stimulation not to be found otherwise in the exchange of news and experiences. Then too, many of them are friends whom we meet only at these annual gatherings.

Finally, we have the feeling that we had better get away for a deep breath and a fresh start. We've pulled a couple of boners lately—not necessarily our fault but the kind of thing which shouldn't happen. A good example was a notice from the Hope Hobby Club which told the route their bus would take on their Tuesday jaunt. It came to us marked as a "must" and we laid it on the desk for "must" treatment.

But sometime through the week, it slipped between a couple of pinned together sheets and though we checked the papers on our desk at press time to be sure we had left nothing out, we missed the notice completely and didn't find it until Friday morning. We hope the ladies of the Hobby Club weren't too discommoded and will accept this by way of apology.

Thought for a bit that we wouldn't get our "lucky farmer" aerial photo in last week's issue after all. We had a phone call on Tuesday from the photographer to say that the plane had landed "on a lake near Yonge St." We made a few enquiries and decided it must have been Lake Wilcox.

There was too much wind for good picture taking, they said. We thought their arrival on Lake Wilcox must have been something of a surprise to the residents. It's not a very big lake for seaplanes.

We were rather proud of last week's paper with its 18 pages. It's rather unusual to run that many pages at this time of year. There were a number of reasons for it and we think

the chief reason lay in the visit the Friday before of the pupils and teachers of Hillsdale and Union St. schools. They had come to town to inspect Davis Leather Co. and Dixon Pencil Co. and included the Era and Express on their list. We were all quite flattered.

The kids were wide-eyed when they saw the press which, fortunately, was printing copies of The Canadian Friend so they were able to see how it worked. They saw the linotypes which set the type for the newspaper and the casting equipment for the reproduction of advertising illustrations.

They were so open in their wonder at all these goings on that we felt something special was required. The 18-page issue should satisfy such ambitions. With a paper that large, we must start printing it on Monday and that required some arranging.

We bestirred ourselves to take down the stove pipes over the weekend and as always, marvel at the change it makes in the arrangements in the rooms and wonder why, because of the improvement, we always stall such an elementary household task to such a late date.

Up to May 24, we could argue successfully that there is always the danger of a cold spell and we suppose we could extend the argument up to last week. After all, 50 years ago last week, a fall of snow was recorded.

But the answer from the distaff side is all too frequently abetted by current weather. Hasn't it been warm. Decoration Day in Newmarket always seems to come at the height of a heat wave. We don't recall the weather of last year too clearly but if memory serves correctly, the two previous years were scorchers and Sunday was anything but cool.

Decoration Day is becoming a larger event each year, it seems. They tell us that there were many at the cemetery in the morning and traffic was quite thick in the afternoon before and after the parade. We thought the parade a commendable effort and the Newmarket Veterans Association and the Air Force Association deserving of congratulations although it must have been cruelly difficult for many of the veterans to parade in such heat.

From the Files of 25 and 50 Years Ago

JUNE 17, 1927

Next Sunday is the annual decoration of Newmarket cemetery. The ceremony will take the usual form in charge of this president, Alderman Bosworth. Procession will form on the market square and headed by the band, will proceed to the cemetery where addresses are expected from P. W. Pearson, M.P.P., Mayor Currey and Rev. A. E. Marshall.

Last Monday evening the Newmarket Fire Brigade had their first practice of the season on Prospect Ave. Three teams of five men each were formed and the practice took the form of a competition.

After the practice a meeting was held in the fire hall at which Chief Doyle presented his resignation. He was a member of the brigade for 33 years and a very capable chief for 15 years. Mr. Wesley Osborne will assume the duties of chief for the balance of the year.

Work has also commenced on the highway between the town line on the 3rd of East Gwillimbury and Sharon. This road will have the same type of pavement as Main St., all the way to Sutton.

JUNE 20, 1902

Mr. W. J. Stark, manager of the Sovereign Bank here and also at Stouffville, was in town on Tuesday with plans for the new bank building which is to be erected here shortly. When completed the bank will have a convenient, well-furnished and up-to-date office.

Engineer O'Halloran put in domestic water connections this week for the new residence of the editor and Mr. T. Bacon, also Mrs. Kennedy's residence on Church St.

At the request of a number of ratepayers in Aurora, the mayor called a public meeting to consider what action should be taken by the citizens of the town to commemorate the declaration of peace in South Africa. It was decided to erect a drinking fountain to cost approximately \$225. This was to be paid by private subscription and a committee was appointed to canvass the town for subscriptions.

In the Snowball vicinity a great many are taking advantage of the bonus by-law and putting up wire fences. If others in the township are taking advantage as much as they are here, extra tax will be needed.

THURSDAY, THE NINETEENTH DAY OF JUNE, NINETEEN HUNDRED AND FIFTY-TWO

WHY IGNORE THE HAZARD?

There was a congestion of traffic at the corner of Davis Dr. west and Yonge St. on Sunday night for a period of two hours as south-bound traffic from resorts north of Bradford met the west and south-bound traffic from the east shore of Lake Simcoe. If last Sunday's experience was any indication, the traffic congestion will worsen as the summer wears on. What on earth is there to justify the department of highways' continued indifference to the corner?

When traffic is light and moving fast, the corner is a safety hazard. When traffic is heavy and moving slow, it is a needless source of delay and congestion. Yet the provincial department remains steadfastly indifferent to the situation even as it worsens with each succeeding season.

What is so complicated about installing traffic lights at the corner? What is so difficult about grading the slope south of the corner and widening the road-width so that left hand turns can be made onto these important arteries without locking front and rear bumpers, or being ridden off the roads by oncoming cars moving too quickly to stop?

The number of traffic accidents and the extent of the weekend congestion should be sufficient evidence for the highway department to act. In fact, all they have to do is take one look at the corner, knowing it to be an intersection of heavily used roads, to determine whether it constitutes a hazard. Isn't it about time something was done about it?

LIQUOR VOTE

The results of the Aurora liquor vote three weeks ago should answer for some time to come those in Newmarket who have speculated how a vote here would go. It was generally conceded in such speculation that the bulk of the native residents here would vote against the opening of stores but it was thought that enough newcomers have moved into town to swing the vote. It seems to us such arguments are too often founded on a belief that all newcomers want liquor stores which just isn't so, as the Aurora vote suggested.

We think it will be some time yet before the people of Newmarket, old or new-comers, who do not want liquor stores, will be outvoted by those who do. We grant that the time may come, just as the time may come when Newmarket will be a small city instead of the pleasant sized country town it is now. But at present, we see no advantage at all in having liquor outlets here, particularly when within easy distance of Newmarket there is a liquor store, and present arrangements for the sale of liquor and beer include a convenient delivery service, and we would oppose such a proposal if it were made at the present time.

VOICE FROM THE HINTERLAND

Time Magazine's fondness for the descriptive adjective sometimes leads it sadly astray from the facts. In the current issue, it speaks of location of the new Leica factory at "placid little (population 6,949) Midland". We can imagine the indignation of Midland's Board of Trade and Editor Bill Cranston of the Free Press and County Herald. "Placid" is hardly the word for Midland which has always struck us as an exceedingly brisk and wide-awake municipality.

Midland at least is mentioned by name; Newmarket wasn't even mentioned when a story was done about one of its former citizens, Mr. Joseph McCulley, new warden of Hart House and former deputy commissioner of penitentiaries. He is referred to in the news report as having been headmaster of Pickering College, a Quaker prep school "near Toronto".

Newmarket's indignation at being so casually dismissed as "near Toronto" would have been somewhat eased had the name of the town been used, even with the adjective "placid". Imagination falters at the reaction in Midland had it been described as simply "on Georgian Bay" or "two hours north of Toronto".

We do wonder though how one can put much credence in Time's reports when it locates Pickering College in an unnamed hinterland "near Toronto" and grossly mislabels Midland as "placid".

REGULATING WATER SUPPLIES

"Unless a real effort is made by consumers in the Newmarket... area, they may be faced with a serious shortage of water. All the pumping stations are work-

ing to their absolute capacity..." The report might have been from this Newmarket a few years ago instead of being a quotation from our contemporary's front page in Newmarket, England.

Fortunately, this Newmarket's water supply is adequate for the present but we wonder about the future. Sooner or later, we will need more water to support our growth. Where will it come from? There is a limit to the amount of water which can be drawn from the ground. Eventually, indeed there is already evidence of it, Newmarket will be robbing the wells of the area to supply its needs.

Conservation is one way by which water supplies can be extended but to date, there has not been much evidence that the Holland River Conservation Authority is an active body, beyond the demands on the member municipalities for funds. It will be a long, slow process to achieve an adequate program and time's running short.

As pertinent, we think, is some regulation of the number of wells drilled in a given area. As far as we know, there is no inter-municipal authority over the number of wells to be dug and with sub-divisions sprouting up all over the district, the number of wells must be quite high. There will come a time when the demand upon the water resources may exceed the supply unless there is some regulation.

SHARON PICNIC

The annual picnic of the York Pioneer and Historical Society and the Women's Institutes at Sharon Temple last Saturday was, according to all reports, a grand success. It is heartening it should be so. Both groups represent enduring mediums through which our past and traditions can be preserved and anything which strengthens that purpose is to be encouraged.

There is not among us yet a sense of continuity, an identification with our past. Indeed, it almost seems as if we are ashamed of our past by the way in which we permit the obliteration of old landmarks and the forgetfulness of past actions. We look ahead with such earnestness and determination that we have no time to consider our origins yet we are what we are because of those same origins.

There is much to be learned from the past which would illuminate our futures. But more than the knowledge and understanding, the study of our past will strengthen our resolution in the present provide the anchor with which to ride out the complexing and confusing trends of our time.

There is inspiration to be had in our past. Were we surer of it there would be less of the bewilderment, the aimless groping for expression in the present. A nation without roots solidly embedded in the past is a nation without tradition, without culture, and without perspective. These virtues are more needed now than ever; in their own way, the Pioneers and the Institutes are encouraging those virtues and every assistance should be given their effort.

COST-OF-LIVING CHANGES

A few weeks ago, Dairy Farmer in his Top Six Inches column pointed out that the fall in the cost-of-living index was largely at the expense of farm prices and that should the trend continue, it would boomerang in the loss of farm markets for commodity products. The farmers simply wouldn't have the money to spend on them.

Drops in food prices from January to May accounted for 4.6 of the 4.8 fall in cost-of-living. In the same period, a decline in the price of non-food items accounted for only six percent of the cost-of-living decline. But from April to May the proportion was stepped up to 25 percent and indications are that further declines, nothing spectacular, are ahead for the consumer in non-food prices.

The point is that the decline in food prices seems to have halted while a decline of non-food prices is continuing. It is to be hoped that this trend continues until there is a more reasonable adjustment between food and non-food prices. It is perfectly true, as Dairy Farmer wrote, that a cheap food policy is a dangerous policy to encourage. The farmer can, if he has to, live pretty well off his own efforts. Deprive him of his buying power and the whole country suffers. There is a limit to which labor can raise its wages and companies can increase their profits at the expense of the farmer.

Slim Bliggins plans to go to Mount Polymar soon. He will submit his idea to various scientists there and spend some time gazing at the stars and planets. Our Slim says he has some very important conclusions "at which I have arrived during the past few months".

"These here conclusions," states Slim, "may rock the scientific world."

Having spent considerable time in serious contemplation of space, planets, galaxies and looking into horoscopes, Slim has emerged from a cocoon of cosmic haze with a set of astounding theories.

"I have been so steeped in quiet cosmic thought this past while, I'm gettin' pretty well dusty," said Slim on an evening earlier this week.

"Cosmic dusty," I asserted. "Yep. Those astronomers is goin' to get a surprise when they see my plan."

"What if they refuse to employ your plan?" I said. "There's only one thing to do. I'll give it to the world free. I'll take it to my friend, Hector Plasm, president of Science-Fiction-Horror Syndicated Publications Inc. at Old Hamwell Hamps, New Hampshire, U.S.A."

Slim points out, in his theories, that there are stars six light years distant from Earth. If it takes six years for the light of a star to reach Earth, we are looking into the past, six years ago, he says.

"Build a telescope what you can see life on a planet or star with, and you can view the past durin' the present. It's as simple as that. Just like a horoscope, only backwards," says Slim.

"But scientists would already have built a telescope big enough to do that, if they could have," I said. "They just haven't got big enough lenses and never will have," I scoffed.

"There's where your own friend and scientist comes in," Slim announced. "It's merely

a problem of optics." "You mean optics?" "Yes, optics," said Slim. "I have solved the problem a months of scientific contemplation. In this here box, I have the new and secret Bligh Handy-Jiff-Dandy pocket telescope lens. All's you r with it is a pipe 5,280 feet of four feet in diameter. got it all figured out mathematically like."

"That's a telescope a long, though."

"So what? All's we need capital. A government sub and we'll start buildin' away, on Mount Polymar."

"You know, I can hardly till it's built," said Slim. "I'll inable us to maybe people walkin' around on V or Pluto. We might even read a new language with 'Interesting idea.' I 'But you could be watchin' daily activities of a chap may have died four years since you are six light years behind the time.'"

"Yeah... never though that," said Slim. "You know these concepts I've got more mystifyin' in their significance."

"Maybe we could find a planet a hundred light years away and all the people we would watchin' through the telescope would be dead, maybe extinct. 'Go a step further,' m Slim. 'Find a mirror on of them planets or stars light years away which is reflectin' the image of Earth, you'd be lookin' at Earth, light years in the past; (do you see). Magify it up a billion times and you might be able to watch the French Revolution some night. Might get back to watchin' Nero in the violin while Rome burned.'"

"These concepts rock brain, don't they," I said. "They are almost enough, here concepts, to startle mind of a scientific thinker myself almost," said Slim.

Our old friend, the Milk Control Board, is back in the news again. Having been pushed out of the limelight by the foot and mouth disease, the Saskatchewan elections, the presidential race, it finally got on stage again and on the basis of the recent amendments to the Milk act, forbade the sale of so-called vitaminized milk.

We believe that decision is a sound one because all the things added to milk were added to it not because milk needed it, but because it was an advertising angle. They add such and such a thing to tooth paste to make it serve such and such a purpose. The public falls over itself buying it. They add something to soap and the same thing is supposed to happen.

As Prof. McHenry pointed out, milk needs very little added to it, and whatever is added to it can be found in other sources much more inexpensively.

But there are further implications to this decision. It was up to the Milk Control Board to decide something that must have been decided for other products long time ago, and that is, where does processing end and patent medicine begin? The dairies, while they are howling now, should be grateful to the milk board. As long as this tampering was legal, they always had to face the possibility of one dairy finding something new to add to milk, and then they would all have to follow or find something else equally catchy. This competition was bound to increase the sales but it would also increase costs and as everything connected with labor is bound to go up and up in price eventually it would boomerang.

So now, the time of decision is here and the Milk Board is going into its usual contortion in handing down a decision that suspending it (supposed to let the dairies use up plies) and then it will eventually back down again as tactical pressure comes to us. We have seen it before we are seeing it again.

Unfortunately this is a bad publicity and hurts sales. The housewife "That danged milk again" there go the sales. And at the time of the year dairies could really be sold i dairies did a decent effort thinking behind it.

Why is it that they start selling milk on its merit and advertise some that is essentially the best milk production. For example they say, we are a "grass produced" milk, and tell them what is great young grass and tell the this special milk that is dueced on grass or grass s how the growth factors a this young grass, and rich it is in vitamins, all natural state.

They could advertise well the calves do this in the year and how nice shiny the cows coats are all the fresh sunshine goes in the production of good milk. In other words sell them milk because milk and because it is dueced on the cows' milk food.

Of course, let us admit the board and the producers are the ones really to blame. Had they had foresight, could have stopped the pering with milk before started. In this, the d have a good case. Maybe the board needs is some grown milk. It certainly something. Maybe it's gr needs. If it is short of it, are those who say that column will make it green.

CHRISTADELPHIAN

THE END OF THE GENTILE AGE

GENTILE TIMES ARE FAST DRAWING TO A CLOSE!
In answer to the disciples who asked: "What shall be the Sign of Thy Coming and of the End of the World?" Jesus told them that Jerusalem should be trodden down of the Gentiles until the times of Gentiles be fulfilled. Our Lord's description of the end of the Gentile times corresponds to present world conditions: - "There shall be signs in the sun, and in the moon, and in the stars" (thus figuratively speaking of the rulers and outstanding political and ecclesiastical figures); and upon the earth distress of nations with perplexity; the sea and the waves roaring (common people beset with insurmountable difficulties); Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven (the political powers) shall be shaken." (Luke 21: 24-26).

To what do these things lead? Verse 27: "And Then shall they see the Son of Man coming in a cloud with power and great glory."

Again, in Mat. 24: 32, 33, Jesus says: "Now learn a parable of the fig tree. When his branch is yet tender, and putteth forth leaves, ye know that summer is nigh: So likewise ye, when ye shall see all these things, know that it is near, even at the doors." i.e., the Coming of the Son of God is near, as indicated in the previous verses. Israel, symbolized by the fig tree, is budding forth, as seen now in Palestine.

It is written in Ezek. 37: 21, 22: "Thus saith the Lord God: Behold, I will take the children of Israel from among the heathen (nations), whither they be gone, and will gather them on every side, and bring them into their own land: And I will make them one nation in the land upon the mountains of Israel; and one king shall be king to them all."

There has been no king in Israel since the time of Zedekiah being deposed, as foretold in Ezek. 31: 27: "I (God) will overturn, overturn, overturn it: and it shall be no more, until I come Whose right it is; and I will give it Him." Jesus is the rightful heir shortly to sit upon the throne in Jerusalem, as the angel promised to Mary: "He shall be great, and shall be called the Son of the Highest; and the Lord God shall give unto Him the throne of His father, David: and He shall reign over the house of Jacob for ever; and of His kingdom there shall be no end." (Luke 1: 32, 33).

NOTICE

RENTAL HOUSING NEWMARKET

Your council is considering an application to the Provincial and Federal Governments for the construction of 45 houses for rent to families with children. They will consist mostly of two and three-bedroom houses and the rent will be related to the income of the family renting the house. It is expected that rents will on the average be approximately \$50. per month. To be eligible for a house the family income must be not more than approximately \$3300. per annum. Your Council is, therefore, desirous to know for its guidance, how many families in the town might qualify for and use such accommodation if made available. If interested, will you please call at the town hall, sometime during the next week, see Wesley Brooks and give him the particulars which he will ask for, as to the composition and age of your family, where the employable members thereof are employed, their earnings and such other pertinent information as he may ask for. c2w25

IN MEMORIAM

CHANILIER—In loving memory of my dear grandson, Charles (Buddy) Chanilier, who was suddenly taken to be with Jesus, June 22, 1937. All the little angels were robed in white. All happy at play in the midst of light; When Jesus came calling and said to his band Here's another little playmate, give Buddy your hand. Up in God's beautiful garden, Away from all sin and care; Asleep in the arms of Jesus, We shall meet our Buddy there. Always lovingly remembered by his grandma Jones and aunts and uncles.

HEATH—In loving memory of Pte W. J. (Bill) Heath, C.I.O., killed in action June 7, 1944, Normandy. Till memory fades and life departs, You live forever in our hearts. Mom, Dad, brother and sisters.

SEDORE—In loving memory of Florence Nettie Sedore, who passed away so suddenly June 21, 1949. You have left a beautiful memory. And a sorrow too great to be told; But to those who have loved and lost you, Your memory will never grow old. Sadly missed by daughter Hazel, Harvey and boys.

SEDORE—In loving memory of our mother, Florence Nettie Sedore, who passed away June 21, 1949. Three years have passed and gone Since one we loved so well Was taken from our home on earth. With Jesus Christ to dwell. The flowers we place upon her grave. May wither and decay But the love for her who sleeps beneath Shall never fade away. Sadly missed by son Lloyd, daughter-in-law Ruth and grandchildren.

ENGAGEMENTS

The engagement is announced of Betty, daughter of Mrs. Pegg and the late Stuart Pegg, Sharon, to Mr. Lloyd Allan Baisdon, only son of Mr. and Mrs. Allan Baisdon, Sharon, the marriage to take place on July 5, in Hope United church, at 3 o'clock.

CARD OF THANKS

I wish to express my appreciation to all my friends and relations for their baskets of fruit, flowers, cards and all the other acts of kindness during my recent illness.

MUNDINGER BAND AT ARENA FRIDAY

The nationally recognized Munding Accordion Band will play in the Newmarket Arena on Friday, June 20, under the sponsorship of the Newmarket Lions club. Included in the band are two Newmarket boys, Wayne Welch and John Giovannelli.

The band will play a variety of numbers, ranging from the choice of the class of modern. During its career, the band has won an enviable reputation for the richness of its tone and the flexibility of performance. Proceeds are for Lions welfare work.

Iris Show Results

Wilnot Hill won the H. Gordon cup for the best iris spike in the Newmarket Horticultural society's annual iris show. Selecting the sweepstake iris was Judge, C. E. Little, Richmond Hill. Mr. Hill captured the special prize of 60 garden stakes for the highest number of points in this show.

Many new exhibitors were welcomed to the show by the chairman, Rod Caldwell, and his committee. The iris show was held in the basement of the Christian Baptist church on Saturday, June 14.

The judge commented favorably on the quality of the show and on the attractive manner in which it had been set up. He marked by point system. No awards were made in classes Mr. Little felt failed to comply with the standards of the show.

Prize winners included: iris, 3 stems, light blue, Wilnot Hill, Mrs. W. Walker; iris, 3 stems, lavender, pink or mauve, Miss Helen McBride, Howard Proctor; iris, 3 stems, yellow, Wilnot Hill, Howard Proctor; iris, 3 stems, bronze, Wilnot Hill, Miss Helen McBride.

Iris, 3 stems, white, Howard Proctor, Wilnot Hill; iris, 3 stems, any color not listed above, Wilnot Hill, Howard Proctor; iris, 3 stems, any color, open to any member never having won an iris prize, Mrs. W. Walker, R. Armitage.

Pyrethrum, best collection, 12 spikes, Howard Hugo, Mrs. Bea Hendricks; aquilegia, best collection, Rev. Pugh, Mrs. Louise Hayes; lupins, best collection, Howard Hugo, Mrs. Bea Hendricks; pansies, best collection, not more than 25, arrangement to count, Mrs. W. Walker, Rev. Pugh, Miss Shirley Cass.

Iris, best spike, any color, Wilnot Hill, J. A. Mathews; miniature bouquet, Miss Shirley Cass, Miss Helen McBride; iris, best collection, 10 stems in basket, Wilnot Hill, J. A. Mathews; best dining room table centerpiece, Wilnot Hill, Rev. Pugh; living room basket, iris predominating, Wilnot Hill, R. Armitage; pot of ivy, R. Armitage, Mrs. W. Walker.

C.W.L. GARDEN TEA 'TRULY SUCCESSFUL'

The garden tea, sponsored by the Catholic Women's League and held at the home of Mrs. W. A. McCaffrey, was a truly delightful and successful affair. Tea was served by the ladies at tables set out on the spacious lawn, surrounded on all sides by flowering gardens and beautiful trees and shrubs. Cakes and pastries were temptingly displayed in the sun-room.

The afghan rug was won by Mrs. H. W. Hugo and Miss Grandy was the lucky winner of the door prize.

Mrs. McCaffrey was individually and generally thanked by all for the opportunity of seeing a Canadian garden in June and we hope for further opportunities to see other gardens and grounds of which Newmarket citizens are justly proud.

OFFER SUBSCRIPTION BENEFIT TO THOSE IN HORT. SOCIETY

As a premium of membership in the Newmarket Horticultural society, members have the opportunity of purchasing the magazine, "Canadian Homes and Gardens" for \$1.65 instead of the regular yearly subscription rate of \$2.50. Renewals must be made in July through the society's secretary, Mrs. Cecil Filzey.

Any members wishing to renew their subscriptions are requested to contact the membership chairman, Ernest Winter (phone 635-M) before June 30. New subscriptions may be taken out by members at this time and they are requested to contact Mr. Winter during the same period.

TOP GRADUATE

Miss Verna Shier, daughter of Mr. and Mrs. John Shier, was a member of the graduating class of the school of nursing, Grace hospital, Toronto. Miss Shier stood highest in her class. At the graduation exercises held in Bloor St. United church on Wednesday, June 11, she was awarded the prize for theory.

HOSPITAL AUXILIARY GIVEN ASSISTANCE

Donations have been received from many sources for York County hospital during the past weeks. Acknowledgment was made by the Hospital auxiliary of cheques from the Newmarket Skating club and the Queensville W.I.

Sent directly to the hospital were donations from Coulson's Hill Junior W.I. with which a set of stainless steel basins for the obstetrical department were purchased. Bradford W.I.'s donation provided the central supply room with five hemostat forceps. Since chapter 1010, O. E.S., contributed directly to the hospital.

The Queensville W.I. made the draperies for the male semi-private ward and those now hanging in the public maternity ward were made by the Sharon W.I.

IT'S A Woman's World

BY CAROLINE ION

With June upon us and this the traditional month of brides, we decided it wouldn't be amiss to talk weddings, showers, gifts and such matters. We doubt if there is one woman in a hundred who isn't interested in these topics.

Even when the blare of horns announcing the young couple's departure disturbs their nervous systems, most females can still manage a dreamy look in their eyes. It seems only yesterday that they were the bridegroom. In thought they accompany the newlyweds on their new life, wishing them well — perhaps with a prayer that some of the heartbreaks of other marriages will not come their way.

Yes, mention a wedding and the distaff section of the population is immediately interested. As one they hope that the sun will shine, the bride will look her loveliest and that the entire proceedings will run without mishap. But, going back to those hectic weeks prior to the ceremony, let's talk for awhile about showers and gifts.

Perhaps it is more sentimental if the giver selects something of her own choice for the wedding or shower gift. It is infinitely more practical to consult the prospective bride regarding her needs. After all, there is a limit to the number of sugar tongs one couple can use.

She may be collecting a certain pattern in her flatware or china. She may be the type of person who would prefer to interior decorate the awaiting flat or apartment in a definite period. To her a maple table, regardless of how beautiful, would remain an eyesore among her eighteenth century mahogany pieces.

Those cartoons of the young couple frantically searching the attic for Auntie Margaret's wedding gift in preparation for her visit are almost too true to be funny. We remember quite vividly some comments made by the newly acquired husband about some unusual wedding gifts. "What is it," he'd ask in studied puzzlement immediately turning it upside down or on its

side to see if it looked more familiar that way. After we'd patiently explain there would be a long "Ohhh". What reply is there for that?

The same consideration is due the young bride in her shower gifts. Even the most inventive gal becomes tongue-tied after unwrapping the third rolling pin or egg beater at her kitchen shower. Here the hostess can come to her rescue. If her friend has already been guest of honor at several miscellaneous don't "surprise" her with another. Imagination is welcome at anytime.

As we understand it the custom of holding showers for the bride originated in Holland. It began with people who knew the prospective bride slightly, not perhaps sufficiently well to make an expensive presentation to her, "showering" her with their small gifts. . . tokens of their friendship. In that sense it is a warm bond between the young woman and the others in her community. Too often now, the same group of intimate friends who will also be wedding guests are included in each of the showers for the lucky girl.

But to return to using imagination in these affairs. There are other types of showers than pantry, kitchen or miscellaneous. Why not try a towel or pillow case shower? Maybe you'd prefer to make it a crystal one with each guest attending contributing either a fixed sum of money to buy several pieces in her chosen pattern or each one to bring a goblet, sherbet or water glass. Cup and saucer showers are good ideas as are craft showers in which everything is handmade. With the excellent crafts available in town no one need shy away from such an idea because they can't embroider, crochet or weave.

An inexpensive shower and yet one which will add much to the young couple's bliss (particularly his) is a recipe shower. In it kitchen-tested recipes are contributed by each person attending. If the guests at the shower are also unmarried gals, they can persuade their own moms to recommend one of her tried and proven favorites. This idea can be incorporated with any other type of shower so that each gift includes a written recipe. And one last suggestion to the hostess, do add a different touch to your party. That's a challenge.

WOVEN WORK SHOWN ON MAIN ST.

Woven articles, the work of Mrs. Edward Mitchell, are on display at the Silk and Linen shop, Main St. Mrs. Mitchell, who is president of the Newmarket Handicraft group, is busy working on summer bags which she hopes to have ready within the next ten days.

"Our crafts are becoming better known," said Mrs. Mitchell as she told of requests she had received for woven articles for shower and wedding gifts. One order from another party was for a woven mother and daughter skirt set. It was orders for summer bags which started this last spurt of activity on the Mitchell loom and before too long Mrs. Mitchell feels certain she will have evening bags, luncheon sets, guest towels, aprons, place mats as well as the summer purses available.

SOCIETY TO OPEN SHOP TO AID WORK WITH ANIMALS

An opportunity type shop will be opened shortly in Aurora under the auspices of the North York Humane society. Staffed by volunteer workers, the store will provide additional funds to maintain the society's program in North York.

At present the society is receiving grants from the towns of Newmarket, Richmond Hill and Newmarket. These are not sufficient to cover the expenses of the society which include the salary of a full-time employee, care, feeding and housing of animals at the shelter, expenses on the society's truck and others accrued in carrying on the work of the Humane Society.

The store will be known as the "Bargain Shop" and will handle clean, used clothing in good repair, used toys and play equipment in working order, costume jewelry, miscellaneous small household items excluding furniture and an assortment of other articles. The merchandise will be sold on a consignment basis.

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

At the home of Mrs. A. E. Jarvis, president of King City branch, on June 10, it was learned that the sum of \$164 had been raised in this district for York County Hospital Aid by those collecting on behalf of the branch. This amount exceeds last year's canvass by \$26. Mrs. Specht suggested that if one of the hospital rooms should be used for children King branch might be able to use \$164 to buy some of the furniture.

In reporting for the K.C.A., the chairman, Mrs. Ivan Specht reviewed the discussion held on June 9, on the community hall and outlined a suggested plan. The Institute voted \$5 to the North York Humane Society.

Mrs. T. L. Williams gave some pointers she had observed at the annual meeting of Centre District in May. In her monthly review on current events, she noted that James Snelgrove of King City had received his doctor of philosophy degree from the U. of T.

Mrs. John Norris gave an inspiring talk on the motto "Whatsoever thy hands findeth to do, do with thy might", completing the quotation taken from the Bible, Eccl., chap. 9, verse 10, "for there is no work, nor device, no knowledge, nor wisdom in the grave whitherest thou goest." Every walk in life is dependent upon the hands, the gift of the Almighty, she stated.

Without hands, how could the surgeon perform the skills that save human life; without hands the craftsman would be useless. "By much slothfulness the building decayeth and through the idleness of the hands the house droppeth through." (Eccl. 9-18).

A small display of handicrafts made by those belonging to Kingcrafts organization was admired. Small hooked mats, a smoked dress, some leather articles were shown.

Next month the branch will be concerned with the Athletic carnival on July 18 and in August a picnic meeting will be held at the home of Miss Blair Burrows, 6th line.

Laskay branch entertained the Vellore branch at Institute hall on the afternoon of June 10. The visitors supplied the program. Mrs. Joe Snider gave a book review of "Joy Street", written by Ellen Parkinson Keys. Mrs. Charlie Robson sang a solo and Mrs. Fred Constable, and Mrs. Burbridge conducted a bird naming contest. A demonstration was conducted by Mrs. E. Wotherspoon, showing a fascinating hobby of making carnations from colored tissue.

Each of the ladies who followed Mrs. Wotherspoon's instructions had a carnation to wear for the tea hour which followed the program. Mrs. Marshall McMurchy took the topic and the Laskay roll call was answered by naming a woman who has made a contribution to Canadian history. Mrs. Norman Egan presided and announced the July meeting at her home as a plant-gathering. Mrs. McMurchy, extended appreciation to the visiting group for their interesting program contribution.

Aurora branch will hold their June meeting in McMahon park on Thursday, June 26, at 2 p.m. Roll call: "How to be cheerful in hot weather." Program, Mrs. V. Fines. Hostesses, Mrs. Klees, Mrs. Walker, Mrs. Pett, Miss Hamer.

The Belhaven branch met in the hall on Tuesday with the president, Mrs. Anderson, in the chair. After a lengthy business session, Mrs. Kydd, convener for the girls' meeting, took the chair. Mrs. Harry Horner and Mrs. Lloyd Kay reported the district annual. Mrs. Kydd gave a talk concerning achievement day in Newmarket.

The girls' work, including dresses they had made, posters and note books, were on display. After the singing of the National Anthem, a lovely lunch was served by the hostesses, Mrs. Erwin Winch and Mrs. Freeman Stephens.

Lakeside branch will hold its June meeting in the Memorial Hall on Tuesday evening, June 24, at 8 p.m. The motto is "Today's best should be tomorrow's starting point" and the roll call "canning or preserving hints". The program will consist of a paper on "The Canadian", music and a contest. The hostesses are Mrs. D. McGenerty and Mrs. P. W. Mahoney.

All members are reminded that hospitalization dues must be paid this month. The Well Baby Centre for June is on the 26th, 1.30 to 4 and it is hoped that all mothers of babies and young children will avail themselves of this service.

The Queensville branch will meet on Tuesday afternoon, June 24, at 2 p.m., at the home of Mrs. Clarence Wright. Motto: "If we plant character in the home, it will blossom in the nation. Roll call: One step I can make toward world peace."

Program: Citizenship, in charge of Mrs. Sid Thompson. Hostesses: Mrs. R. Sennett, Mrs. A. J. Milne and Mrs. John Grant.

Please note the change in date to Tuesday because of the East Gwillimbury public school sports day.

Pine Orchard branch met at the home of Mrs. George Mason on Wednesday afternoon, June 11, with 24 present. President Mrs. Howard Lehman was in charge of the meeting.

Reports of Centre York D.A. were given by Miss Aleta Widdifield in absence of Mrs. John Ash. Mrs. L. Hendry and Mrs. R. Armitage.

Mrs. Edmond Johnston presided over the program. An interesting and informative paper on "Herbs and Spices and Their Uses" was given by Mrs. Walter Johnston. Mrs. George Mason gave a most interesting and helpful talk on "Slip Making".

We were pleased to welcome Mrs. G. Systema to our meeting. She is a W.I. member in Holland. Lunch was served by home economics and health committee.

There will not be any meeting of the Gormley branch for the month of June as there are too many other social events taking place that week. The July meeting will be the annual grandmothers' picnic at the home of Mrs. Ern. Smith on Wednesday, July 23.

ANSNORVELD

Rev. J. T. Hoogstra of Holland, Mich., conducted the services at the Christian Reformed church here on Sunday.

Mr. J. Uittlugt, Miss E. Knapper and Miss H. Matthews have left for Grand Rapids, Mich., where they will take a summer course at Calvin College.

Graduation exercises were held Friday evening at the Christian Reformed church when four pupils received their diplomas. Rev. Moes of Bowmanville was guest speaker for the occasion.

Miss Rena Van Zuiden graduated from Barrie Memorial Hospital after completing her three years nursing course.

HOPE

A miscellaneous shower was held at the home of Mr. and Mrs. Auley Brenair last Thursday evening, in honor of their daughter Ruth. The room was beautifully decorated in pink and white, and the bride and groom to be were seated under a pink umbrella. Many lovely gifts were received, after which a dainty lunch was served.

Miss Amy Gibson, Newmarket, spent the weekend with Mr. and Mrs. Donald Stickwood.

Mrs. Myrland Blanchard had dinner on Tuesday with Mrs. Howard Pegg.

We are sorry to hear of the sudden illness of Mr. Archie Dike. We wish him a speedy recovery.

Miss Amy Gibson and Mrs. Joe Gibson spent last Monday in Toronto.

Zephyr Day June 28

Plans are afoot to make this year's annual Zephyr sports day biggest and best yet, reports Morley Bain. There'll be full afternoon of entertainment, concert, midway, and in the evening, a dance.

Meals can be purchased on the grounds. Cecil Harrison, in charge of the softball tournament, one of the feature attractions of the day, reports there's an opening for two more teams. Five teams to date, Keswick, Office Specialty, Zephyr, North York and Oshawa, have filed entries.

Draw for the games will be made at 1.30 p.m. with play getting underway at 2 p.m. Each team wishing to enter must put up a \$5.00 deposit to assure appearance at the tournament. Fee is returned when the team appears.

Juniors Enjoy Picnic
Despite 'Friday, 13th'

Although it was Friday the 13th, ideal weather was enjoyed at a very successful Junior Farmer picnic held at Musselman's Lake. Juniors from all parts of the county took part in the ball games and novelty races. The ball tournament started in the afternoon with games between the Sharon and Vellore clubs and the Schomberg and Unionville clubs. Schomberg and Vellore came out victorious.

The final game was played after the picnic supper and until the final innings, it was anybody's game. At that point, Schomberg made a rally and brought in four runs to make the final score 8-4 for Schomberg. A special effort is being made to take a winning junior farmer team to the provincial field day to be held at Guelph on Saturday, June 21.

Special features in the novelties were the hog calling contest, the distance judging competition and the tie tying contest.

In the evening, modern and old-time dancing to the music of Don Gilkes' orchestra was enjoyed in Cedar Beach pavilion. A special vote of thanks is due the Junior Farmers' county executive for their organization of this annual event.

Incidentally, there is always a welcome to new members in the Junior Farmer Associations and if you are interested in joining any present member or Ed. Pearson of the department of agriculture in Newmarket.

Try Single Games

"Although the games have been top notchers, crowds haven't been turning out. We've been going in the red on the double-header town league attractions," reports president Mickey Smith. Collections at the games just covered the balls and umpires and left nothing to pay for the floodlights.

Town league moguls met Friday and this week plan to give single games a trial. There'll be one game previous to press time and tonight, Thursday, starting at 7.15 p.m., Thompson-Bell and Sports-Cycle will clash.

Town League executive will meet again Friday and if the attendance at the two trial single games turns out satisfactorily well, likely continue with the single game idea for awhile at least," continues prexy Smith.

Play City Champs Sat.

Wondering what to do Saturday afternoon? Here's an idea on how to see a ball game and soak up a little sunshine at the same time. Mickey Smith and his town league executive have lined up a super-special attraction for this Saturday afternoon at the fair grounds.

Town League all-stars will go against the Bar-Flys of Toronto. Don't let the name fool you. They were Toronto Amateur Softball Association intermediate A Champions of last year. Game time is 2.45 p.m. There'll be tickets on sale at the game and a lucky draw for a cash prize at the game.

BUS TRIP

A chartered bus to Gravenhurst and 100-mile cruise will leave on Sunday, June 29. Return fare adults \$5.50, children \$4.50. For tickets see Cecil Andrews, 4 Water St., or phone 5183, Newmarket.

THE Calvert SPORTS COLUMN
by Elmer Ferguson

Don't let that old man with the hour glass get on your nerves. Anytime you begin to feel that the years may be catching up with you, or even passing you, think of Willie Hoppe, who won another billiards championship the other day.

Maybe a ball player or fighter is an "old man" at 35. Once upon a time a track athlete who survived 30 was a miracle. You may be greeted with a negative shake of the head when you solicit a job at the age of 40. Doc Osler (wonder what became of the Doc?) wanted to chloroform us all at 60.

But don't let such gloomy thoughts depress you. Sport, which is one of the common denominators of our life and times, points out a few examples to prove that middle age isn't necessarily the end of everything. And we think Willie Hoppe, king of the billiards world, is one of the most notable of these.

Willie started his career away back in the nineties, which were not necessarily gay. He was then a lad in short trousers. He was so tiny he had to stand on a box to cue the ball while playing, so they called him "The Soap Box Champion".

Even then his father, who was coaching him, had big things in view. And he had a fine subject to work with, because Willie took orders like a soldier. He had a genius for hard practice. And the result began to bear rich fruit at an early age.

They took Hoppe to France, where balkline billiards was at its peak. They had "academies" where fans wagered freely on cue matches. And great men played in them. One was Vignaux, the champion. At 17 Hoppe defeated Vignaux. He became world champion. And thereafter he became such an outstanding exponent of his craft that he remained champion for 17 years. From the "Soap Box Champion" he became "The Boy Wonder". Now, in his sixties, he's still champion at his trade, after recovering from a nervous breakdown that threatened to end his playing career. It took two or three years to cure it.

So as we said, don't let the years get you down. We could wade into the statistics to show you that Clarence DeMar was a marathon champion in his forties; that Bob Fitzsimmons was still a world heavyweight boxing champion at 36, and that Jersey Joe Walcott, the present champion, according to some estimates, is now 45 years old.

And then there was Bill Cook, surviving World War I, and a couple of years campaigning on other war fronts after that, who came back to take up his hockey stick with New York Rangers and, in his forties, win recognition as one of hockey's great right wings of all time. And there was Big Bill Tilden who, in his forties too, could beat practically all the younger stars on the tennis courts. And little Aurel Jollat, who played hockey for 17 consecutive seasons with Canadiens, and Eugene Tremblay, probably the greatest wrestler Canada ever produced, who in his fifties was almost unbeatable among the lightweight.

So don't let the years get you down. A lot of folk have been able to rise above the shadows of Time.

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

Sr. Ladies In Second Place

Newmarket senior ladies won two last week to move up into second place in the Barrie and District League. Thursday, sporting for seven first inning runs and benefitting from three-hit pitching by Hester Clark, locals gained a 9-3 win over R.C.A.F. Camp Borden for their third straight win.

Barbara Watt featured Newmarket's 8-hit attack with two homers and a single. Edna McGrath, Phyl McInnis, Terry Reid, Mona Dean and Hester Clark got into the hit act with one each. Visitors manufactured their first run without benefit of a hit. Barbara Anderson's double, R.C.A.F.'s only solid base-hit, placed two runs in the fifth.

Monday Newmarket made it four in a row with a 3-1 win over Barrie. Dorothy Miller, the Barrie ace, and Charlie VanZant's newest pitching recruit, Sarah Bardell engaged in a four-innings no-hit duel. Barbara Watt homered in the fifth to break that up.

Barrie tied it with a run in the sixth. Barbara Watt came through again in the bottom of the sixth with a base-circled after Grace Webster reached first on an error.

Optimists Win Two

Hooking and slicing an even two dozen hits to every corner of the fair ground diamond, Frank Hollingsworth's Optimist pee-wees and bantams won a double-header minor baseball attraction from Brampton opponents Saturday afternoon. Exploiting for eight runs in the second, and six in the close up, innings, our pee-wees laced Brampton 21-4.

In the bantam game benefitting from four-hit pitching by Jack Cain and erupting for eight fourth frame runs, our bantams eclipsed the visitors 13-5. Coach Hollingsworth threw a quartet of chucks at the visitors in the pee-wee tilt. It was Ralph Bray, Terry Budd, Don Bone and Wayne Crouth and they all had their stuff working as Brampton picked up only three hits—one solid sock and two scratch infield singles.

Francis Lewis and Jim McArthur had big afternoons at the plate, the former homering, doubling twice and singling, while the latter had four singles and a walk in five official tries. In the bantam game John McGuire and Bill Cain smashed circuit clouts. Lorne Babcock and Jack Cain punched out a couple of hits each to prove their swing was on the beam.

Midget Baseball

Here's a spot of glad tidings for the Hub's midget baseball tribe. Lowell Waller has taken on the coaching assignment with the team and Eddie Pitt has accepted the manager's post. There's a promise of a strong team to represent Newmarket in the O.B.A. playdowns.

First practice was held at the fair grounds Tuesday. Eight players, Fred Bennett, Paul Widfield, Delwyn Creed, Dave Pitt, Laurie VanZant, Ding Mair, Earl Lothian and Merlyn Bales, reported to coach Waller. Next practice is scheduled for the S. S. diamond next Monday at 7 p.m. Everybody of midget age please.

If there's a sponsor interested in the midgets or anyone wishing to aid the team kindly contact Lowell Waller for particulars. Geo. Haskett has been asked to investigate the possibilities of the team entering the North York Midget baseball league.

Pritchard Ships Another Win

Eighteen rinks representing Oshawa, Georgetown, Elora, Alandale, Richmond Hill, Toronto Runnymede, Toronto High Park and Newmarket took part in this year's play for the Newmarket Era and Express and merchants trophies at the Newmarket greens. For a second year in a row, Bob Pritchard's Newmarket rink of Frank Brammar, vice-skip, and Vaughan Goring, lead, walked off with the trophy.

The Pritchard trio counted three wins, 63 plus 5, to take down top honors. Second prize was captured by Eddie Goodman's Oshawa rink with two wins plus 54. Third place was held by Charles McPadden's Alandale rink, high one win, 47. Play opened at 1.30 p.m. and it was Eugene McCaffrey, president of Newmarket Lawn Bowlers, who presented the trophy to Bob Pritchard and the prizes to the other winners.

"This closes a wonderful day. We hope to see you back next year," was the way President McCaffrey summed up. He might also have mentioned that the trophy hung in the balance until the very last bowl as Bob Pritchard's trio and Goodman's Oshawa rink met in the last round. It was win and the trophy to Newmarket by two points.

Redmen Lose To Beeton

Beeton beat Newmarket Redmen 4-1 Tuesday. The loss snapped the Redmen five-game winning streak. Beeton will be the visitors to the fair grounds Friday and Hack Cain and company will be seeking revenge. Game time is 7 p.m.

Tuesday, Redmen ran plumb out of base-hits. They managed only four hits off the straight overhand firing of Beeton's Bing Speck. Coach Hack Cain inserted Jerry Hugo in the clean-up spot. It was the right move. Jerry lashed out a triple and dropped a near perfect bunt.

It was his first innings triple on top of Alvie McKnight's bunt single that produced the lone Redman run. That lone run looked good for three innings as Ivan Gibson working on Redmen mound steamed his best pitches by the Beeton swingers without trouble. Gibby was ruffled in the fourth as a pair of errors and hits by Dan. Watson

Order Replay

Ted Anderson's switch from Willow Beach to a Keswick ball suit brought the first official protest in the Lake Simcoe softball league. League moguls meeting Monday with president Ken Hodgins in the chair ruled the popular and sought-after receiver was Willow Beach property and had to complete the remainder of the season with the Beach.

The league also ordered the two games in which Anderson caught for Keswick had to be replayed. Keswick, incidentally, won those games from Pine Orchard. They will be replayed as soon as playing dates suitable to both teams can be arranged.

New Wrestling Deal

There's a new deal coming up in pro wrestling locally, reports arena manager Stan. Smith. The two wrestling cards aired over the past six weeks in the local arena were not a financial success. The scheduled summer wrestling shows have been cancelled. The next wrestling card for local consumption has been scheduled for Aug. 7. Present plan is to stage six top-notch cards through August, September and October. At that time wrestling shows will also swing back to Thursday evenings. Wrestling cards have tentatively been scheduled for August 7, August 21, September 4, September 18, October 2 and Oct. 18.

Tennis Tournament

"We got half way through our first round-robin tennis tournament Monday evening," reports Keith Davis, president of the Newmarket Tennis club. It was very successful. There were 30 entries representing Aurora, Uxbridge, Mount Albert, Richmond Hill and Newmarket tennis clubs. The tournament will be completed next Monday at the local courts.

At the moment, Joyce Bothwell and Joan Peppiatt are well ahead for top honors in the ladies' doubles. The Uxbridge pair of Garnet Gray and Ross Hochberg and Newmarket's Ken Peeters and Keith Davis are deadlocked for the men's doubles.

BANTAM BASEBALL

Further games in the North York bantam baseball league have been scheduled as: June 19, Newmarket at Sutton; June 20, Aurora at Lake Wilcox; June 23, Newmarket at Richmond Hill; June 23, Mount Albert at Aurora; June 24, Sutton at Newmarket (fair grounds); June 24, Aurora at Mount Albert; June 26, Richmond Hill at Newmarket (S. S.); June 30, Lake Wilcox at Richmond Hill.

Diggers Punish Rockets

Mickey Sutton's Ditch Diggers are brushing aside all opposition in the Aurora Town League. Last Thursday Ditch Diggers forged two 11-run frames second and fourth, to smash Rockets 25-19. That win was their third straight and they are rapidly putting a lot of daylight between themselves and the second place Merchants.

Score-keeper was the busiest man at the Hart Diamond and Rocket pitching trio, "Mouse" McMain, Doug Richardson and Horace Middleton, were "sad sacks" as Diggers clubbed 10 extra base drives. Ray White led with two homers and a double, Bob Turan, homer, double and triple, Wil White base circled and triple. Coach Mickey Sutton got a pair of three baggers.

Rockets got in some fine licks. Roy Allen had two homers. Paul Knowles, John O'Mahoney, Doug Richardson, Ron Simmons and Bobbs Cook also got into the extra base hit act. Bill Mundell worked the first five frames on the Diggers' rubber with Mickey Sutton coming in for relief.

Pin-Ups Lose Two

Geo. Watt's Newmarket Pin-ups didn't enjoy a good week. They picked up one point out of a possible six. That lone point came Tuesday at the S.S. pastures when they gained a 6-8 tie with Gord. Hare's Keswick ladies. Pin-ups lost 6-4 to Mt. Albert on Friday, and on Monday lost to Sutton 14-4.

In the Tuesday game Pin-ups and Keswick exchanged the lead on several occasions. Keswick furnished a first of the seventh run to gain a tie. Marilyn Lee and Glenna Woodhouse supplied Pin-ups main hitting. Grace Curtis and Lillian Worrall topped the visitors' batting performance.

In the game at Sutton Monday Joan Robinson's triple in the fourth and two hits each by Barbara Gwilliams and Marlene Martin provided the Pin-ups sunshine. In the Friday game at Mount Albert the Mounties went into an early 6-0 lead on timely hitting by Ida Bertolin, Reta Longhurst, June Vagg and Evelyn Green. Betty McArthur counted a run in the fifth to break Marguerite Green's shut-out spell. Paired singles by Loretta Forhan and Betty McArthur and Joan Quinn's triple gave Pin-ups three runs in the sixth. Loretta Forhan started on the mound for the Pin-ups, Glenna Woodhouse taking over in fourth to forestall any further Mount Albert run scoring attempts.

Council Gives Its Approval To Quarter-Million Gallon Reservoir Costing \$30,000

A regular meeting of the town council was held on Monday night, June 16, with Mayor Rose in the chair. A considerable volume of varied business was transacted including a very important report from the water department, which recommended the installation of a reservoir at an estimated cost of \$30,000, to be met by debenture.

Correspondence included a letter from the Youth for Christ movement for the Sunday night use of the town park in the summer months, in co-operation with others who might want the use of the park.

Reeve Cook recommended that the application be granted and this was supported by Councillor Corbett and approved by council.

Among delegations, Mr. J. Goulding, town foreman, indicated some technical trouble at the disposal plant. Arrangements were approved for temporary measures suggested by Mr. Goulding to be followed by tests by the town engineer, Mr. Redfern.

Delegations were present from the Hillview road and Tyler street districts and from Kennedy street west regarding storm and sanitary sewers and instructions were issued for the preparations of by-laws concerning these.

Water Rate Increase

Concerned with the report of the chairman of the fire and water committee, Councillor Vic. Jones, council resolved to increase the water rate from \$12 to \$16 per year.

Chairman of the property committee, Councillor Corbett reported that the work of decorating the municipal premises as previously discussed had been placed in the hands of Mr. W. Knapp at a price of \$330.

Reeve Cook Reports

Mayor Rose asked Reeve Cook if he would give council some impressions of the work of county council and in an impromptu address of some 15 minutes the reeve outlined some of the more important features of the activities of that body.

He stated that 26 municipalities were represented on county council and the warden was assisted in his duties by commissioners. Reeve Cook said that there were "heated arguments" from time to time but that the work was generally carried through in good spirit.

He referred to the numerous committees and of the work allotted to them. He made reference to the new park that is being created for the use of the public, saying that this was a democratic need.

Mayor Rose thanked the reeve for his interesting comments on county council work.

PROOF IS IN THE FIGURES

More people are reading the ERA and EXPRESS and AURORA NEWS PAGE than any other weekly newspaper in North York. Now at the peak of its popularity, the regular weekly number of copies printed exceeds 4,500. More advertisers are using large and small space advertising in the ERA and EXPRESS than in any other North York weekly. The proof of the ERA's popularity is to be found not only in its sales but in the number of advertisers who use it.

The ERA and EXPRESS has a GUARANTEED circulation and is a member of the CLASS A newspapers.

A comparison with the AURORA BANNER, the ERA's nearest competitor, during the months of April and May, 1952, for small classified ads only, gives the following figures:

Era and Express	April	May	Aurora Banner	
"	10	142	"	70
"	17	144	"	54
"	24	183	"	69
"	1	204	"	71
"	8	171	"	81
"	15	180	"	69
"	22	183	"	52
"	29	159	"	52

1525

564

For the months of January, February and March, 1952, the ERA and EXPRESS carried 1,490 small classified ads as against 523 carried by the BANNER. The proof of popularity is in the figures.

GETTING ACTION

It is obvious that secret meetings on public questions are bound to create a lot of speculation. The arena and its problems are of the utmost public importance. Not only the structural condition of the arena but the administration of it have come under criticism. For these reasons it would have been more satisfactory if the press had been present to inform the citizens of what took place.

The very fact that the arena board and the council met in secret conclave is sure to create adverse comment. "If there's nothing to hide why hold the meeting behind closed doors?" is a remark we have heard frequently during the past few days. Nothing clears the air like publicity, and by the same token nothing creates suspicion more easily than secret meetings.

We have had to take plenty of criticism without an opportunity of replying to it. At an arena board meeting held on April 14, to which we were not invited, the Banner reported an attack made on us by Mr. Underhill. It is quite apparent that the chairman of the arena board is ready to criticize others but is acutely sensitive when the same treatment is meted out on an "inactive board".

Our duty is to the citizens of Aurora. We are not interested in protecting special interests in any shape or form. Nothing that we have written has been or can be challenged. We have stirred action. That is a point gained. Had we remained silent the citizens would not have had the information they now have.

Thus we can claim that our paper has rendered another service to the citizens of Aurora. We await a report on the "closed meeting".

POINTS OF VIEW

In last week's Aurora News Page we gave a report of a discussion on the proposed wading pool which took place at the Recreation Commission meeting on Thursday night, June 5. Having heard a number of comments on the substance of the discussion it might prove useful if we mentioned them. It is clear that there is no unanimity of opinion on the proposal.

One citizen said: "A wading pool at the south end of the town will be a trouble to parents who live at distant points. Children will want to go to the pool and mothers with little enough time on their hands as it is will have a time of it keeping the youngsters in check."

Another citizen said: "There's plenty of recreation already for the kids. There's several playgrounds for them. Why spend more money on their bodies and neglect their minds? Isn't it about time we gave attention to the minds of the youngsters and taught them something useful. Too many of them are just running wild. We aren't doing enough to make good future citizens of our children."

Other opinions expressed were that the estimated cost of the pool is far too much. After all, the project is for a wading not a swimming pool. A swimming pool would have cost something like \$80,000. A wading pool costing anything in the region of \$7,500 will not be acceptable to many citizens if the sum has to be met out of taxes.

At the Recreation Commission meeting we reported, the names of the two contractors who had submitted estimates were not revealed. It is most necessary that the citizens should be informed on that important point.

It is imperative that the wading pool project should be carefully considered before any contract is entered into, committing the town to an undertaking and an expense not generally acceptable.

ANOTHER REPORT DUE

Some enquiries have become vocal on the need for a further report on the meters. Several months have passed since the last report was finished to council and the citizens. Then it was revealed that a substantial amount of the intake from the meters was made up from fines and penalties. What the score is now is anybody's guess in the absence of a detailed report.

The time is coming when the council will have to decide whether the meters are to stay in or go out. The meters were installed on a trial basis of 11 months. An article in last week's "Advertiser" states that the Long Branch merchants "are fed to the teeth with parking meters" and are taking steps for their removal.

The question of the meters is part of the "unfinished business" that the present council inherited from its predecessor. Besides the meters it inherited other "unfinished business" which still lies on the shelf gathering dust. It will have to be taken down from the shelf one of these days and the dust taken from it to see what it looks like!

WHAT THEY ARE SAYING

Many Attractions Draw Large Crowds To Aurora Horse Show Old-Timer Has A Suggestion

Under a brilliant sun and clear skies the Aurora Horse Show, sponsored by the Aurora Agricultural Society, was patronized on Saturday, June 14, by huge crowds. Although no exact figures are available at this writing, it is believed that this 29th Aurora event will establish a record success.

There was again the same fascination in watching the jumpers, composed of lovely creatures ridden by expert horsemen and horsewomen. So brilliant was this exhibition that one's sympathies were with the judges who were set most difficult tasks of appraisal.

It seemed that every type of horse was on exhibition, from the largest to the tiniest specimens. Then there was the goat show, a new feature which drew many interested spectators. One had not believed that there were so many variations of the goat world. Some of them were more like long-eared dogs rather than the orthodox fellows one is accustomed to see.

There were a great variety of attractions for the large crowds that moved around from point to point in the town park. The midway was exceptionally busy this year. In the armatures there was the usual exposition of the arts and crafts and the home-cooking productions put on by the ladies.

Evidence of the "pull" of this annual Aurora event were the entries from neighborhood districts. Prize-winners were scored up from Nobleton, Agincourt, Temperanceville, King and other neighboring localities.

Great tribute is due to all who had a part in the build-up of the show. Their efforts were favored by glorious weather and this, of course, was the deciding factor in the great success of the event.

Our Show Page
It has been our pleasure to receive many kind comments on the full page of advertising made possible by the ready co-operation of Aurora merchants in connection with the Aurora Horse Show.

It was our regret that more space was not available to us for the accommodation of other merchants who would have liked to join with their fellow-merchants in Aurora in advertising the show. We shall next year try and overcome this question of space.

As it was readers would note that last week's issue of the Era and Express ran to 18 pages. Even so some events which would have been reported had to be left out. It was generally recognized as one of the finest issues ever put out from the printing presses of the Era and Express.

Parks Board

Our congratulations to Mr. Harry Corner, chairman of the Parks Board, and his colleagues for the excellent work of beautification they are carrying out at the McMahon park. This park has been much neglected in the past few years. With its fine trees, and the situation where it is placed, McMahon park is a natural beauty spot. The Parks Board is doing a commendable job in putting it in good shape.

English Immigrants in Aurora

Two or three weeks ago we stated that the Aurora Lawn Bowling club is recruiting new members, and among these is Mr. Charles Morecroft, recently appointed president of the New Canadians' club.

Mr. Morecroft and his family came to Aurora as recently as November of last year and are already very much at home here. He hails from Lancashire and is an Old Country lawn bowler. He is employed by Factory Equipment and likes his work there very much.

There was tragedy in the Morecroft family on the day of their sailing from England. A son, 24 years of age, fell ill and died of a hemorrhage consequent on an attack of sea-sickness. The news of this tragedy preceded the arrival of the family at Halifax, and there they were comforted with true Canadian hospitality. Here in Aurora the Morecroft family have been made to feel very much at home, and of this Mrs. Morecroft speaks with a moving gratitude.

He is interested in other things besides lawn bowling as leisure employments. He is an expert harmonica player, having performed professionally in English theatres over a great many years. He is busy forming a harmonica band here in Aurora and has already enrolled eight members.

Mr. Morecroft's irreparable

regret is that the son he so tragically lost at sea cannot partner him in his band. He tells us that his son was a better and more versatile instrumentalist, in spite of his youth, than himself.

We are sure that the Morecroft family will be happy in friendly Aurora and we wish them the best of good fortune. Old Timer's Memories

Since writing the foregoing paragraphs on the Aurora Horse Show we have been listening to the comments of an old-timer and pass them on.

In the early years of the show, we understand, there were seats provided for visitors in tier-shape arrangement. Seated, they could watch events in the jumping ring in comfort. There are no seats today and it certainly does get back-aching standing for a few hours.

It did appear to us on Saturday that a good business could have been done had there been someone around with a supply of chairs at ten cents each. It was a boiling day and after standing for a couple of hours we were ready to grab anything that provided a recumbent posture. In fact we did enjoy a sneak-seat for a few minutes, on a running board of a nearby truck.

It's all right for the young people standing around. They would probably sneer at a seat. But we do suggest to the authorities that it could prove good business to provide seating such as old-timer refers to. If seating were advertised as part of the show arrangements we believe it could pay off. At any rate, this is an old-timer's opinion who was in at the show from its beginning 29 years ago.

Note June 23-24

Royal theatre patrons should make a note of the above dates. Unless a movie is in the first-class bracket manager Clifford Griffiths refrains from drawing special attention to it.

Because Mr. Griffiths believes that the showing of "The First Time" merits that distinction he has asked us to draw attention to it, which we are happy to do. The wide circulation of the Era and Express covers territory reaching as far south as King, as far north as Sutton, as far east as Mount Albert and as far west as Schomberg.

In turn the Royal theatre draws patrons from all of these and neighbor communities when there is something specially advertised in these columns. Readers have come to know that only the best pictures are given prominence in these columns, and we are assured that "The First Time" is equal in comedy-content to "Father's Little Dividend."

For a happy hilarious movie-show make a note of the above dates.

At The Royal Theatre

Great News! The Blessed Fun Event of 1952... even funnier than "Father's Little Dividend" Watch for "THE FIRST TIME" starring Robert Cummings, Barbara Hale and their first bundle of joy!

"THE FIRST TIME"
This great family movie of the year, starring Robert Cummings and Barbara Hale, will be shown at the Royal Theatre, Aurora, on the evenings of Monday and Tuesday, June 23 and 24. This movie is described as even funnier than "Father's Little Dividend," which was shown to crowded houses at the Royal Theatre.

A review of this movie describes it thus: "Parents, prospective parents and practically everybody else belonging to the human race will find 'The First Time' delightful and delectable. 'Cummings is especially enjoyable as the harassed parent who barely gets his head above water before he's in hot water again. Barbara is perfect as the mother who finds she must, on occasion, baby her spouse.' Those who like to spend an evening at a show for the chief reason that they want to laugh and enjoy themselves should not miss 'The First Time.' It will be shown at the Royal Theatre, Aurora, at the advertised dates, Monday and Tuesday, June 23 and 24.

PLAN RESERVOIR

The following is the resolution approved by council for the installation of a quarter million gallon reservoir. It was presented by Councillor Jones, chairman of the fire and water committee, and approved unanimously.

That on Friday, June 13, the committee met for the purpose of discussing the plans of a quarter million gallon reservoir and the method of paying for the same. All members of the committee present, also Mayor Rose, Councillors Corbett and Davis and the engineer, Mr. McMullin.

1. We decided that the plan of the engineer be accepted and that they be given permission to advertise for tenders if approved by the board of health, and permission can be obtained from the municipal board to sell debentures to cover this expense.

2. That the town apply to the municipal board for permission to sell debentures to cover the expense of a quarter gal. reservoir at approximately \$10,000.

3. That the water rates be raised from \$12.00 per year to \$16.00 per year with the 25% discount as at present, all other water rates be increased accordingly and that the by-law be revised. New rates to commence July 1 if possible.

Arthur Walker in Accident
At the height of Sunday evening traffic, J. Arthur Walker, 75, of Kinghorn, narrowly escaped serious injury when his 1934 sedan slipped over a couple of times after being hit on the rear left side by a car driven by Robert Patterson, 40, of Islington, at the intersection of the Barrie highway and King and Vaughan townline.

Mr. Walker suffered shock, face and hand lacerations and a bruise on his head. Douglas Patterson, 5, a passenger in his father's car, was bruised about the head and had slight cuts. Mr. Patterson had only minor bruises from the impact.

When both cars were proceeding south, the accident happened as Mr. Walker made a left-hand turn off the west lane of the highway. The Walker car was a total wreck.

Open House on June 25

The date of Strange school open house has been changed to Wednesday evening, June 25, when Miss Freeda Farley and her pupils will receive residents of the school section and friends. Diplomas and special prizes will be distributed and a special program will be presented. Miss Farley is vacating her principalship of Strange school next week to teach in Toronto. She will take a summer course. Miss Farley, a competent teacher and much beloved by her students, has taught in S. S. 4 for the past three years.

New District School Teachers

Miss Ruth Climpson, Baldwin, has been appointed teacher of Strange school, S. S. 4, to replace Miss Farley, in September. At Eversley school, Miss Carole Norrad, an experienced school teacher who lives in New Brunswick, will replace Mr. Keith Hern, who will teach in Toronto next term. He came to Eversley a year ago. At Schomberg, Mr. R. C. Flynn, the principal, vacates this week to take a teaching post at Richmond Hill. His work will be carried on by Mr. Elmer McFadden of Elmville, who holds a first-class teaching certificate and will complete his bachelor of arts degree this summer.

Total 150 Years of Work

Mrs. C. H. Stone, Mrs. William Carson and Mrs. James Patton can proudly claim a total of nearly 150 years in the Women's Missionary Society of the United Church of Canada. They were honored with Dominion life membership by the auxiliary of King City United church on Thursday afternoon, June 12, at the home of Mrs. H. G. Ratcliffe, King St. East. Mrs. Stone became a member of the auxiliary in the second month after it was organized in October, 1895, which makes her the senior member for almost 57 years. She is the convener of the Missionary Monthly and World Friends publication.

Mrs. Carson, who was president of the society for 13 years, has held most of the offices except that of treasurer. She is now the supply convener. Mrs. Carson has been connected with missionary work for 46 years, the first five of which were spent in the Maple Society. She has been actively associated in the King auxiliary for 43 successive years.

Mrs. Patton, who has been temperance convener of her W. M. S. for several years, joined the local society about 45 years ago, when she first came to the village.

Mrs. A. G. Green presented the life membership certificates to the ladies after Rev. Mr. Jenkinson had spoken. Mrs. C. H. Stewart was chairman of the meeting.

Open Meeting of K.C.A.

On Monday evening, June 23, a meeting of King Community Association will be held in Lake Marie and King Athletic room at 9 o'clock, to which the public is invited, when further discussion on the proposed community hall will take place.

Comprising representatives of community organizations, the K. C. A. has held a number of meetings during the past months. The meeting on June 23 will be of interest to everyone. Mrs. Ivan Specht is chairman of the K.C.A.

Mrs. W. W. Bryden, Toronto, wife of the late dean of Knox College, and her sister, Mrs. John Smith, spent a day with Mr. and Mrs. Fred Curtis last week and called on their parents, Mr. and Mrs. Norman Ferguson. When the Ferguson family lived at Woodville, Dr. Bryden was minister of the Presbyterian church there for 15 years.

Rev. James Cunningham, curate of the Transfiguration Anglican Church, Toronto, spent Saturday with his friend, Donald Rawlings, a student of Wycliffe College, Toronto. Mr. Cunningham leaves Canada on July 2, for England where he will enrol at Oxford University for a two-year course in theology and philosophy.

Mr. and Mrs. Verdon Gordon are parents of a daughter, born on Tuesday, June 10, at Schomberg Nursing Home. Her brother Murray is four years old. Mrs. Edward Baguley of Schomberg, who is Mrs. Gordon's mother, is in the home at King and after her little grandson.

E. Burns of Erindale, who is Mrs. A. E. Kelley's mother, will be in the city next week.

Jim Adje of Toronto (Marie Wilson). She wore an all white summer frock and a corsage of crimson sweetpeas.

Among the numerous gifts were those presented by three groups of her friends, a modern walnut coffee table, a three-piece set of cornflower crystal ware and a carpet sweeper.

Refreshments were served by Mrs. George Billings, Miss Pat Wilson, Miss Ruth Wilson, Mrs. Adje, Mrs. Helen McClellan, Ellen Wilson and Miss Hilda Patton.

Those present from out of town were Miss Eileen Kyle of Teston, who will be Marion's bridesmaid, Mrs. G. M. White, of Maple, mother of the groom-elect, and Mrs. Ernest Wilson of Toronto, Marion's sister. Also there was her sister, Mrs. Jim Snelgrove, and her mother, Mrs. A. E. Kelley.

Mrs. Ivan Specht and daughter Dorothy are having a ten-day holiday with Mrs. Specht's mother, Mrs. M. Rice of Waterford.

Mrs. Arthur Wellesley is visiting her aunt at Kingston, and her daughter, Mrs. Gilbert Folliott, at Chateaugay, Quebec. She left King with Mr. and Mrs. W. Barnard, who were holidaying with the latter's parents, Mr. and Mrs. Albert Folliott, of Temperanceville. After remaining over at their home in Napanee, they were motoring her on to Kingston.

Mrs. Jas. A. Snelgrove and her two children left King City on Tuesday to join her husband at Springfield, Mass., where they will make their home.

Church Briefs

Eversley W.M.S. will meet at the home of Mrs. D. M. Ross, June 26, at 8 p.m.

Sunday school anniversary of Teston United church on Sunday, June 22, at 11.15 a.m., with Rev. Jenkinson preaching and the junior choir; at 7.30 p.m. Rev. Austin Huston of Victoria Square will preach, assisted by the choir of his church. On Wednesday, June 25, a strawberry festival will be given by the members of Teston congregation at 5 o'clock, followed by a concert in Vellore hall.

Sunday, June 29, anniversary services at Eversley Presbyterian church.

Rev. Dr. John Ross of Woodbridge preached in the Presbyterian charge last Sunday when the minister, Rev. D. C. Wetherpoon was guest preacher at anniversary services at Elder's Mills church.

The Venerable F. J. Sawyers, Archdeacon of York, was the preacher at All Saints' Anglican church last Sunday morning.

Canadian Delegate

Dr. J. T. Phair, Ontario deputy minister of health, returned last Friday from Europe where he was one of four Canadian delegates representing the federal government at the World

Health Conference at Geneva, Switzerland. Dr. Phair visited hospitals in England and Scotland after the conference. He was away from his home for six weeks.

Mr. and Mrs. Arthur Fleet and two children in the Windsor district, where they encamped on the shore of Lake St. Clair. Leaving home on Friday, they stayed overnight outside London and were in Windsor on Saturday morning. Temperature in that district registered 103 at one place. They went via highway 2, returning by No. 7 on Sunday evening.

While at Strange Presbyterian Church on June 11, Miss Bessie MacMurchy laid a beautiful bouquet of flowers at the foot of the monument that marks the burying place of her great grand parents, Thomas MacMurchy and Mary Blue laid to rest in 1849 and 1862, respectively. With her was her friend, Mrs. Ussher, a member of the St. Andrew's auxiliary.

Mrs. Alfred Gillham of Strange entertained two tables of bridge at her home last Friday evening. Winning the high score, Mrs. Ross Walker, received a nylon plastic juice container and Mrs. D. Rawlings, received a box of fine tissue serviettes.

Some of the former members and associates of St. Andrew's W.M.S., attending the 60th anniversary at Strange Church last week were Mrs. Jas. Burns of Erindale, Mrs. Alfred O'Dell of Priceville, Mrs. William Holman of Orangeville with her friend, Mrs. Alexander Patterson, Mrs. Austin Robinson of Guelph, Mrs. Albert Hill, Nobleton, Mrs. Albert Parr of Nashville, Mrs. Wilbert McCallum of Cookstown, Mrs. Sylvia McCallum Hemphill of Maple, Mrs. A. K. McLaren, of Toronto, wife of a former minister of Strange church, Mrs. J. Gillies, Mrs. R. Gray, both of Richmond Hill, Mrs. Leonard Glass, Mrs. Lewis Gillham and Mrs. A. Gillham, all of Strange, Mrs. Pearson Smeltzer, Laskey, Mrs. Herb Ross, King City, Mrs. Will Bryson, Vaughan, Mrs. Sarah McVittie, Toronto, a former Eversley W.M.S. member. Mrs. L. W. Zeufelt, brought greetings from her section and from her group at Richmond Hill. Rev. C. H. Bowman of Maple, Mr. A. S. Curr, Toronto, and Mrs. Irving Wilson, a neighbor of Strange community, were also present.

Mrs. Bob Benson and Mrs. Jack Fraser entertained 40 friends at Mrs. Benson's home recently when Mrs. A. F. Mahoney of Toronto demonstrated Tupperware. Afterward prizes were distributed and refreshments were served. Out of town guests were Mrs. Jack Fraser, Sr. and her daughter Mrs. Chas. Sissons of Concord, Mrs. Fred Wood and her daughter, Mrs. Wm. Paul, Toronto, Mrs. Frasier

Mr. and Mrs. John Johnston attended the wedding of her son, Dr. Eric Blanford Johnston, whose marriage to Miss Barbara Boehm, daughter of Mrs. Ralph Boehm and the late Captain Boehm of Grimsby, was held in St. Andrew's Anglican church on Saturday, June 14. The groom's father was the late Dr. Eric B. Johnston.

At the morning service at King United church last Sunday, Mr. and Mrs. John Dew placed a beautiful basket of flowers at the altar in memory of their young son, Jimmie, who passed away at the age of six on June 14, 1947.

Mr. and Mrs. Alfred O'Dell of Priceville were weekend guests of Mr. and Mrs. Ewart Patton. On Saturday evening Mrs. Patton had Mr. and Mrs. A. J. Gordon for dinner to meet their old friends. Others calling were Mr. and Mrs. Elwood Patton of Toronto, Mr. and Mrs. Frank Egan of Weston district. Frank also called on his father, Mr. Chas. Egan.

How Much Will YOUR Dollar Buy?

Today, thanks to inflation, our dollar will buy 52 cents worth of goods by comparison with the full dollars worth it would buy in 1939.

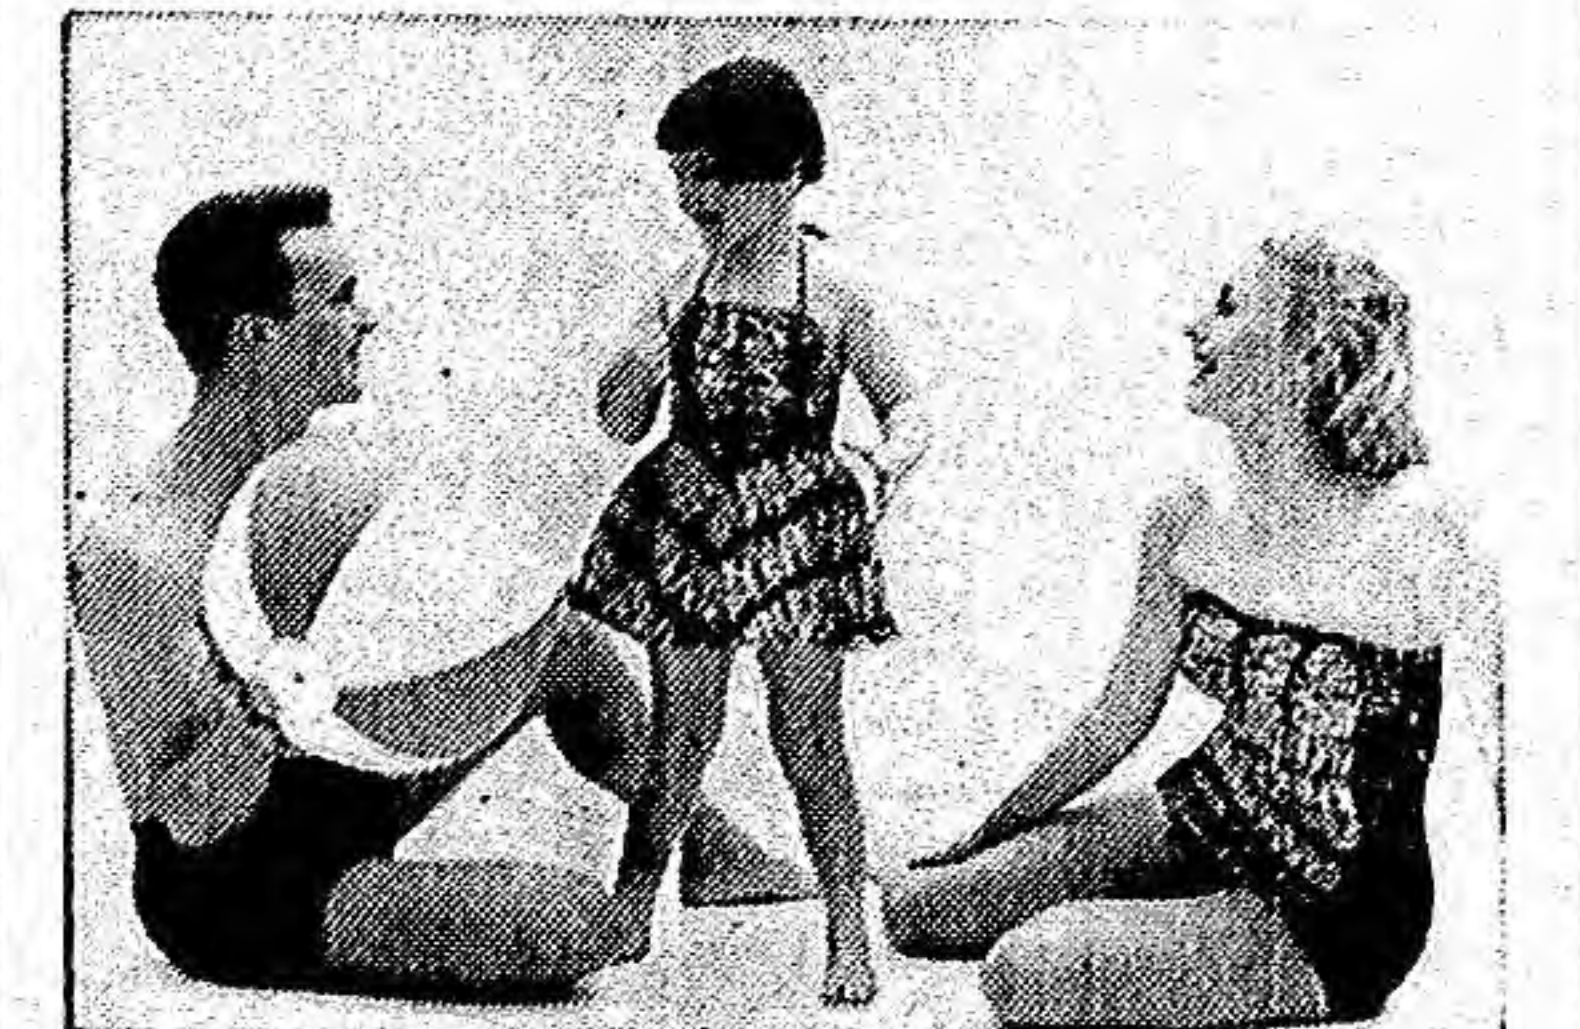

The buying power of the dollar has gone down because prices have been forced up. Prices have been forced up through inflation because the amount of money in circulation has exceeded the volume of goods and services available to consumers.

The two main sources of inflation are high government taxation and wage rates which are not related to man-hour production.

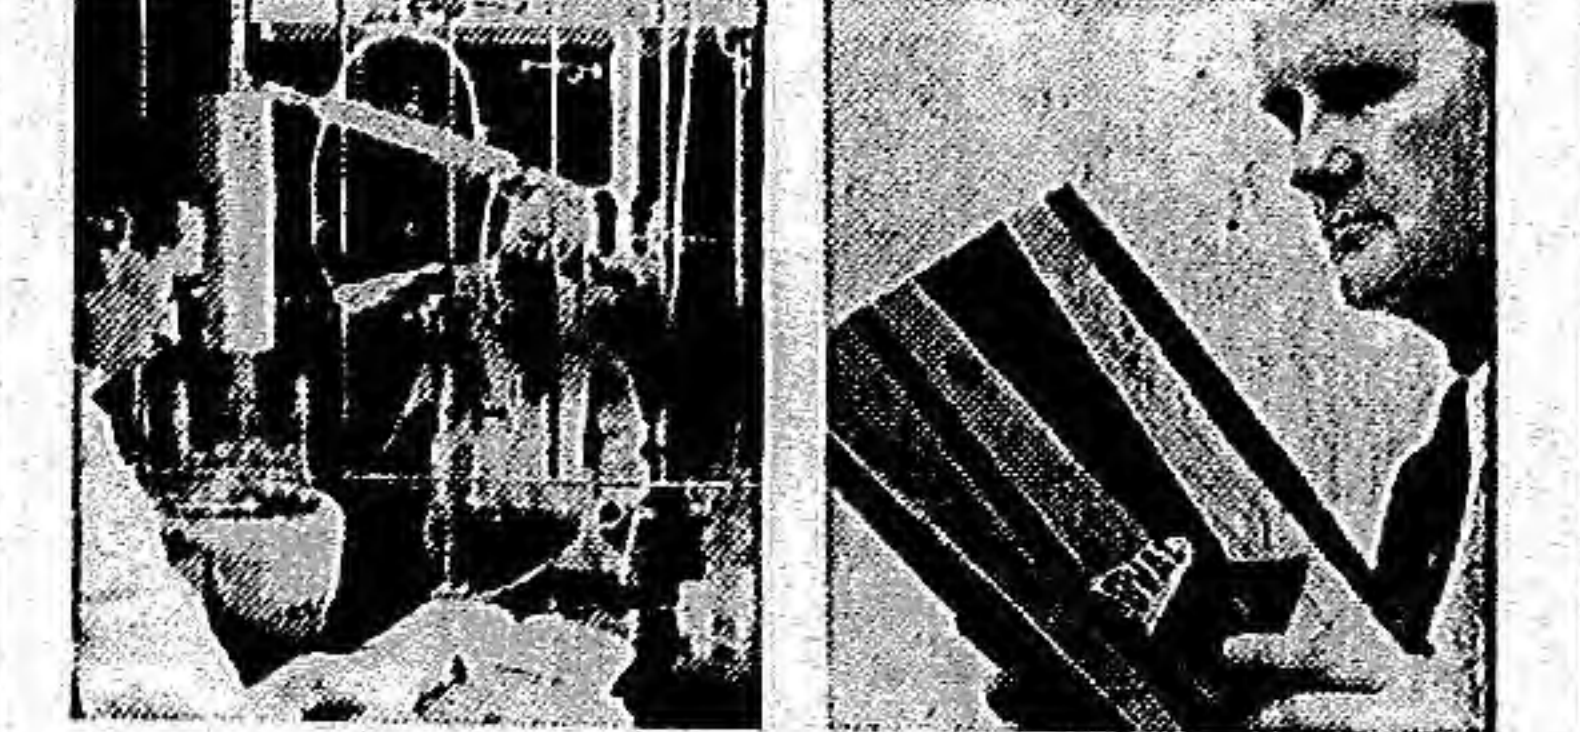

Unless production and wages are held in balance, and unless at the same time non-defence government expenditures are held in check, our dollar is bound to lose more buying power.

Picture News from C-I-L

FASHION PHOTOGRAPHERS often use family groups to point up the versatility of modern fabrics like nylon. Daughter displays the latest thing in nylon play suits, while her parents model this summer's smart nylon beachwear. Good news for Canadians is the new C-I-L plant at Maitland, Ont. which will lead to more of this wonder fabric for your easier living.

MANY THINGS you find so useful today, like nylon and "Cellophane", were developed in chemical research laboratories. Search for improved or new chemical products goes on continuously.

Did you know?

Since 1939, C-I-L's production volume has increased about 191 per cent; its payroll and salaries total has increased about 314 per cent. In addition to fair wages and salaries, C-I-L employees have enjoyed a company-financed pension plan since 1919, a life insurance plan since 1920.
